Power supply: Device: Plug in AC 100-240V Bullet: 701316/100mAh/3.7V Charge: 2 hours, Use: 1 hour Remote: 501220/80mAh/3.7V Charge: 1 hours, Use: 5 hours

Product material: TPE, ABS, Silicone

Product size:

Accessories description: Pump, Textured sleeve, Bullet, Remote, Operation manual, USB Charger, Adapter, 4 x Universal heads

Rated current: ≤2.5A

Rated voltage: 12V Maximum noise: ≤75db

Suction & Stroking Strenath: Up to 10.8 psi & 2900RPM

FCC WARNING STATEMENT

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursua to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna.

- -- Increase the separation between the equipment and receiver.
- -Connect the equipment into an outlet on a circuit different from that to which the receiver is
- connected. -- Consult the dealer or an experienced radio/TV technician for help.

FCC WARNING STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) this device must accept any interfer received, including interference that may cause undesired operation.

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

DISPOSAL INFORMATION

Disposal of old electronic equipment (applicable in the EU and other European countries with separate waste collection systems):

The crossed-out dustbin symbol indicates that these items should not be treated as household waste, but rather brought to the appropriate collection point for recycling electrical and electronic equipment.
