#### CHARGING INSTRUCTIONS

This vibrator needs to be fully charged before use.

Connect the USB plug into the USB port of your computer or other output and the other end of the DC charger into toy's input.

Initial charge will take about 120 minutes, and subsequent charges take about 90 minutes to complete.

The indicator light will flash while device is charging, and remain solid when toy is fully charged. There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time.

Charge lasts for about 120 minutes of play time on the lowest vibration level, and about 90 minutes of play time on the highest level.

Toy vibration stops completely when charge gets very low.

This toy comes with a Li-ion rechargeable battery and operates at 3.7V. It vibrates at a sound level of less than 50 db.
