

## RED REVOLUTION METIS

The Metis is a waterproof kegel ball made of body safe silicone with a powerful motor that offers 3 levels of steady vibration and 7 different rhythms. The control button is at the tip of the tail, making it easy to turn the unit on or switching vibrations when the kegel is inserted in the vagina. At the widest point of the kegel ball there is a softer spot in the silicone, where the vibrations can be felt extra intensely.

Press and hold the power button to turn the unit on/off. Press again to switch program.
