

## GP DATEX & MESH SHORT

This amazing pair of shorts is made of shiny black Datex material with strategically placed side panels made of mesh. The figure seams accentuate the body curves and make it fit tightly. The shorts close with a button and a zipper. Naughty detail: the zipper goes all the way from the waist to the crotch, ending at the buttocks. Combine it with the Datex top with mesh panels for a stunning outfit.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
